"Country Elevator" shall include all elevators or warehouses or flat warehouses which receive grain for storage, before such grain has been inspected under this Act, and which are situated on the right of way of a railway or on any siding or spur track connected therewith, depot grounds, or on any lands acquired or reserved by any railway company to be used in connection with its line of railway at any station or siding, and shall be under the supervision of the Board."

"Public Elevator" includes every elevator or warehouse which receives grain for storage from the western inspection division, after such grain has been inspected under this Act.

"Eastern Elevator" includes every elevator or warehouse at any point in the eastern inspection division used only for the storage of grain grown in that division, after inspection of such grain under this Act, or, if such grain, after being stored in such elevator, is subject to inspection under this Act on delivery out of such elevator.
